Andrews ID _____

Username _____

First Name _____

Last Name _____

Part B: Application for Computer Access

Please read the following statements on computer usage policy and sign below. Being granted access to administrative computing resources at Andrews University is a responsibility to be treated appropriately. Examples of inappropriate uses of a computer account include:

- allowing others to use your account this is a serious violation of standard security practices
- using computer accounts other than those assigned to you
- attempting to gain unauthorized access to data, computer accounts, or computer systems
- harassing other users through electronic communication

I have read the above statements and agree to abide by the principles it outlines.
